About Cyber Security :-

- Cyber security refers to every aspect of protecting an organization and its employees and assets against cyber threats. As cyberattacks become more common and sophisticated and corporate networks grow more complex, a variety of cyber security solutions are required to mitigate corporate cyber risk.

What is cybercrime?

Cybercrime is any criminal activity that involves a computer, networked device or a network.

A primary effect of cybercrime is financial. Cybercrime can include many different types of profit-driven criminal activity, including ransomware attacks, email and internet fraud, and identity fraud, as well as attempts to steal financial account, credit card or other payment card information.

Cybercriminals may target an individual's private information or corporate data for theft and resale. As many workers settle into remote work routines due to the pandemic, cybercrimes are expected to grow in frequency in 2021, making it especially important to protect backup data.

Cybercriminal activity may be carried out by individuals or groups with relatively little technical skill, Or by highly organized global criminal groups that may include skilled developers and others with relevant expertise. To further reduce the chances of detection and prosecution, cybercriminals often choose to operate in countries with weak or nonexistent cybercrime laws.

Gender Audit 2022-2023

Prepared by

Women Development Cell

PREFACE

Gender equality is a very significant term so far as the rights, opportunities, responsibilities, and treatment of individuals are concerned, irrespective of their gender. It is the concept that people of all genders should have equal access to resources, opportunities, responsibilities, and decision-making processes, and should not be discriminated against based on their respective gender whether they were born male or female. Gender equality is not just about benefiting women; it benefits society as a whole by fostering social and economic development, promoting peace, and creating a more just and equitable world. Achieving gender equality requires efforts at multiple levels, including policy changes, legal reforms, social awareness campaigns, and changes in cultural norms and attitudes. It's an ongoing process that requires commitment from individuals, communities, governments, and international organizations.

Gender equality addresses the historical and societal imbalances that have led to disparities between genders in various areas, like, school, college, Workplace, society, etc. This means equal treatment in terms of rights, opportunities, responsibilities, benefits, and obligations.

Though Gender equality has become a global issue, the liberation and emancipation of women are at the forefront of many worldwide campaigns. With the increasing awareness of gender issues, women are rapidly moving towards their upliftment in society. They are vigorously taking action against social discrimination, oppression of women at home and workplace, and exploitation. Therefore the gender audit was conducted to know whether the college campus is safe for girls and women. This audit comprises the respective sites, selection of participants, preparation of checklist, and the orientation of participants, thus the findings and sharing the results with the principal for the execution of further recommendations.

Introduction

Sipna Shikshan Prasarak Mandal, Amravati is established with specific goals and mission for overall development of people in Melghat, a tribal, remote and backward region in Amravati district of Maharashtra state. Melghat comprising of two tehsil places (Chikhaldara and Dharni) is hilly terrain at the northern extreme of the Amravati district of Maharashtra. The college is **permanently affiliated** to Sant Gadge Baba Amravati University, Amravati and is approved under section **2(f) and 12(b)** of the University Grants Commission (UGC) Act 1956. With the help of dedicated, enthusiastic and experienced faculty members and with modern teaching and research facilities, the college offers programmes like **B.A., B. Sc., B.Com.** with traditional & advanced subjects and **M.Sc. (Environmental Science)**. Whereas in UG science stream there are innovative subjects like **Petrochemical Science, Food Science, Apiculture, Industrial Chemistry and Environmental Science. Certificate, Value-added and Add-on Courses** are undertaken to impart employable and life skill education to the students. The gender audit is an initiative to study whether there is any gender discrimination in the college. It is an attempt to measure the implementation of government rules, regulations, and policies framed specially for the upliftment of girls and women in society. The Gender Audit has an insight into the problems of students and women working in the institute based on gender. This Audit helps to penetrate the impact of its present and proposed policies on gender equality.

Women Development Cell of Arts, Science and Commerce College, Chikhaldara reviews and analyses the operating environment. With the help of this analysis, Women Development Cell understands whether the institute is able to provide a full range of opportunities to everyone or not which come from participating in physical activities, sports, and competitions carried out by the college or institution. The prime aim of Gender equality is to provide a wide range of activities and programmes to girls and women as per their needs, their interests, their choices, their experiences, and inclinations.

The college always emphasizes on the overall development of the students. Sensing the importance of Gender equality the girls and women are provided special attention. Women Development Cell not only concentrates on the problems encountered by the girls but also concentrates on their outstanding achievements in various sports and activities. Yoga and Meditation training are also organized. Workshops are conducted on "Women and Human Rights" and Women and Laws" to make girls and women aware of their rights and responsibilities. Guest lectures of eminent personalities like judges, lawyers, police inspectors, tehsildar, social workers, and journalists are also organized to spread awareness about laws and by-laws among the girls. Internal Complaint Committee and Anti-ragging Committee formed in the college. NSS and the Sports Department of the college play a very vital role in providing equal opportunities to girl students and achieving grand success therein. Similarly, the Cultural Committee of the college motivates girl students to participate in university-level Youth Festival and various competitions.

The Student's progress is personally monitored by teachers through "Palak Yojna". We make it our concern that the students admitted to the institute must avail of the most and the best here. Regular attendance, good academic performance can be ensured under Palak Yojana. We also try to address the personal problems of students through Palak Yojana. It is only after consistent and regular contacts with them the students open up and are willing to share their concerns. Most of the students are from outside requiring hostel facility. We can help a few students in accommodation to some extent.
