Ecocriticism: Indian English Literature is basically original expression of the feelings and thoughts of these writers who have extra ordinary penchant for global environmental studies. Ecocriticism is the latest attempt to explore and discuss on the global environmental issues through literature. The anthology covers a unique collection of scholarly papers from eminent scholars in India and America.

On the whole the anthology covers a fairly comprehensive ground. It is expected that the anthology will be of great help to the students, researcher and scholars of English literature and will even appeal to those interested in ecocriticism.

Nature has a great preamble value human life. Man can live away from nature but he cannot live without nature. We can say that nature also speaks just a natural lover ears are required. As Indian subcontinent is proudly known as worshipper of nature. So ecological seed are definitely found in the soil of Indian English literature. Every Human civilization is closely associated with the nature because human civilization is deeply rooted in ecosystem according to different sort of atmosphere. Hence we cannot ignore the most touching and preventive value of nature in human life. Whenever any novelist comes at pages, he cannot fill without nature and ecological value of nature. So we need to rejoice ourselves the impression in the world of literature. Specially
