Strategic Plan of IQAC
(2021-2022)

1. To introduce certificate courses like gender studies; harnessing leadership skills and facilitating student's political participation in local self government and hotel management.
2. To conduct various skills based add-on courses.
3. To encourage the faculty members to contribute towards e-content development and for optimum use of e-platforms.
4. To ensure the well defined monitoring of teaching, learning and evaluation (TLE) by the departments.
5. To organize State/National level conferences/webinars.
6. To encourage the faculty members for more research publications.
7. To increase the number of MoU's related to research and skill based programmes.
8. To extend infrastructure facilities.
9. To start the preparation of SSR and to get ready for reaccreditation by NAAC, Bengaluru.
10. To promote the career centric training activities through Career Guidance Cell.
11. To ensure effective interaction among all stakeholders of the college.
12. To organize professional development programmes for teaching and non-teaching staff members.
13. To enable and use IQAC for review of TLE and maintenance and utilization of infrastructural, physical and student support facilities.
14. To undertake green initiatives.
15. To arrange various programmes catering to gender sensitization and women's empowerment.

Deployment of Strategic Plan
(2021-2022)

The implementation of strategic plan is monitored time to time by Principal, IQAC, College Development Committee (CDC) and other committees through periodic review. We have constantly evolving measurable for monitoring and review process. The concerned heads prepare the detailed progress report and present it in the review meetings. The benchmarking of quality standards and its monitoring, evaluation of attainment is carried out by the IQAC independently. The IQAC reports the findings to the CDC. With thorough analysis of outcomes and based on IQAC report, CDC recommends the corrective actions, need of further processes and deployment of resources. All these reports are forwarded for further discussions and implementation through the Principal.

We successfully carried out the strategic plan with the ever evolving mechanism of the college with concerned departments, committees, cells, etc. Desired outcomes needs continuous evolution to incorporate the lessons learnt during the implementation and emphasizes the role of IQAC in ensuring the quality of implementation.

One activity successfully implemented based on the strategic plan is described below.

Title: Contribute towards e-content development and for optimum use of e-platforms.

COVID-19 pandemic situation was a huge impediment to the prevalent TLE process. This was accepted as a challenge. We shifted to online mode immediately. A Series of workshops/webinars was organized to motivate, train and facilitate teachers. Various online platforms were used by teachers to effectively carry out the TLE. Focus was given to creating e-content and disseminating it with students.

Students were continuously guided, motivated and facilitated to benefit fully from the online mode of TLE. Workshop/webinars were conducted accordingly for them. All departments took up online classes and developed e-content for the respective subjects. e-content was shared through subject-wise WhatsApp groups and college YouTube.

Not only students but their parents were regularly contacted and consulted in order to help them adapt to this new mode of TLE. We saw to it that all of them participated in the online mode; right from their regular presence in the classes; submission of examination forms to the appropriate amount of preparation for the examinations and taking the examinations through online platforms.

IQAC, Faculty Coordination Committee, Palak Yojana (Mentor-Mentee Scheme) and College Council monitored and facilitated this whole procedure. Not only did the results of examinations improve but also the number of admissions.
